

Installing the IGCSE Biology Revision Disk

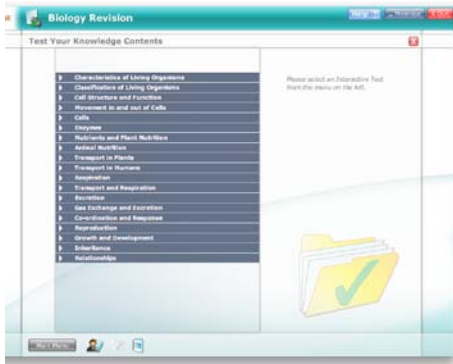

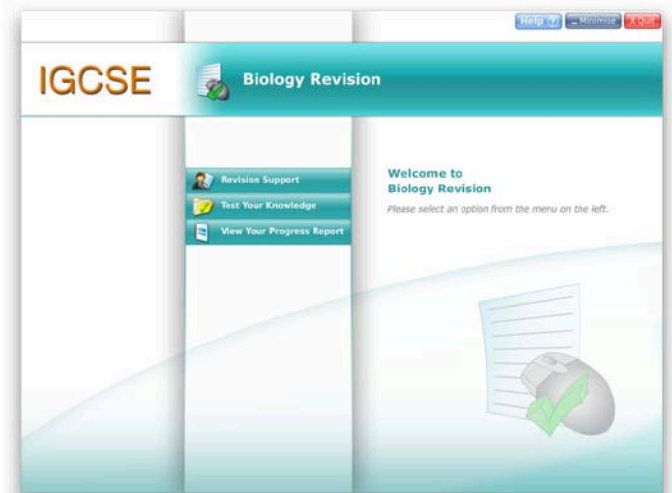

Insert disk, copy contents of disk into a folder on your home computer

Next

To use IGCSE Biology Revision:

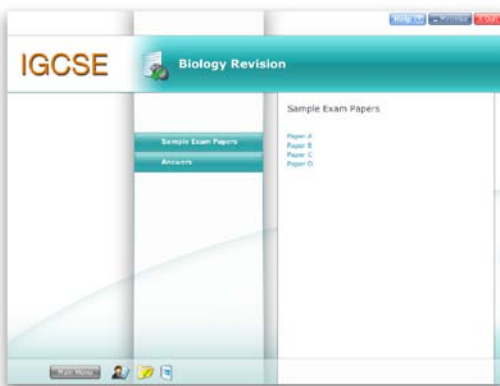

- click on IGCSE Biology
- click on Engine
- click on IGCSE Biology (blue circle)
- the revision program will open as seen in the image below

You'll be able to take practice tests and chart your progress as you go along.

You'll also be able to see samples of the IGCSE test papers and answers, just click on Paper A, B, C, or D.

After you install the disk on your computer, please bring the disk back to Mrs. King so another student can load it on their computer.
